

Preliminary Agenda

Pre-Conference Day – Separate Registration
Thursday, October 15th

Patient Navigation Workshop

Approaches to Eliminating Barriers in CT Lung Screening Patient Navigation

5:30pm – 6:00pm Dinner & Networking

6:00pm – 8:00pm Workshop

Moderators: Annie Lally, Rush University Medical Center, USA & Michelle Futrell, Lungevity, USA

Keynote: Lung Cancer Navigation & Care: Comprehensive Guide for Patient Navigators and Allied Health Professionals – Joelle Fathi, University of Washington, GO2 Foundation, USA

Panelists: Gean Brown, Smilow Cancer Center CT, USA, Retired; Elizabeth Wilson, Lahey Hospital & Medical Center, MA, USA; Joelle Fathi, University of Washington, WA, USA; Rochelle Waddell, Appalachian Regional Healthcare KT, USA

Each panelist presents a case study of a challenging case in patient navigation in CT lung screening. Panel and audience discuss approaches for each case.

Potential Case Studies:

- Inconsistent guidelines—not all covered by insurance/Medicare e.g. ACS no years since quit, NCCN, etc.
- How to integrate and navigate IPN follow-up; Fleishner vs LungRADS
- Reimbursement challenges for follow-ups for positive baseline/annual scans
- Challenges with preauthorization for baseline scans
- Filling out MyChart Smoking History (protect tobacco use data when merging/doing updates)
- Challenges with ensuring proper ICD codes when ordering CT Lung Screening scans

Conference Day 1
Friday, October 16th

7:00am – 8:00 am Registration & Breakfast

8:00am – 8:15am Welcome by Jacob Sands, Dana Farber Cancer Center, RLS

8:15am - 10:15am Global CT Lung Screening and Health Policy Perspectives

Moderator: Yeon Wook Kim, Seoul National University Bundang Hospital, Korea

- WHO Lung Heath Resolution – Implementation Status
Emily Medhurst, Lung Cancer Policy Network , UK
- WHO/IARC Handbook on Lung Cancer Screening
Xiaoshuang Feng, IARC, France
- Strengthening the Screening of Lung Cancer in Europe (SOLACE) – policy recommendations and vision for expanding successful screening approaches across all EU Member States.
Anna Kerpel-Fronius, National Korányi Institute of Pulmonology, Hungary
- The Estonian Regional Lung Cancer Screening Pilot Study Experience
Tanel Laisaar, Tartu University, Tartu University Hospital, Estonia
- The Australia National Screening Program: Aspirations, Progress and Markers of Success in the First Year
Vivienne Milch, Cancer Australia, Australia
- Lung Cancer Screening and Pulmonary Nodule Management in China
Chunxue Bai, Shanghai Respiratory Research Institute and Chinese Alliance Against Cancer, China

10:15am – 10:35am Break

10:35am – 12:30pm Research, Clinical Trial, and Study Updates

Moderator: Kevin ten Haaf, Erasmus, Netherlands

- Five year summary of UK National Lung Cancer Screening Program
Phil Crosbie, Manchester University NHS Foundation Trust, UK
- Germany – HANSE Experience/Next Steps Effectiveness of NELSON versus PLCom2012 lung cancer screening eligibility criteria in Germany (HANSE): a prospective cohort study
Prof Jens Vogel-Claussen, Department of Radiology, Charité Universitätsmedizin Berlin, Germany
- Patient Navigation for Lung Cancer Screening at a Health Care for the Homeless Program
Travis Baggett, Massachusetts General Hospital, Harvard Medical School, USA
- Evaluating Early Stage Lung Cancer Survival at Upper Age Limit of Screening
Matthew T. Warkentin, Cumming School of Medicine, University of Calgary, Canada

- LungRADS vs PanCan Screening Management Systems
Stephen Lam, British Columbia Cancer Center, Canada
- Lung Cancer Screening in Those Who Never Smoked Study (FALCONS)
Martin Tammemagi, Brock University, Canada

12:30pm – 1:30pm Lunch

1:30pm – 2:00pm Pro/Con – Focus should be placed on increasing CT lung screening uptake within current guidelines vs on expanding eligibility criteria.

Pro: Ella Kazerooni, University of Michigan, USA / Con: Doug Wood, University of Washington, USA

2:00pm - 3:00pm Primary Care Challenges in CT Lung Screening

Moderator: Jennifer Lewis, Rescue Lung Society, USA

Panel Discussion: Donnita Butler, USA / Michael Gieske, St. Elizabeth HealthCare, USA / David Baldwin, Nottingham University Hospitals NHS Trust, UK / Pierre Onda, The White Ribbon Project, USA / David Miller, Wake Forest University School of Medicine, USA / Jacob Hathaway, VA Tennessee Valley Healthcare System, USA

3:00pm – 3:20pm Break

3:20 – 5:00 AI, MCED, Biomarkers and CT Lung Screening

Moderator: Sam Janes, University College London Hospitals, UK

- Feasibility of AI as first reader in the 4-IN-THE-LUNG-RUN lung cancer screening trial
Harry de Koning, Erasmus MC–University Medical Center, Netherlands
- Pulmonary nodule malignancy prediction models and scientific evidence for commercially available products
Noa Antonissen, RadBound University Medical Center, Netherlands
- Sybil
Mary Pasquinelli, University of Illinois, USA
- MCED The New Frontier in Cancer Early Detection
Carmen Guerra, University of Pennsylvania, USA
- Biomarkers in Lung Cancer Screening
Kim Reiger-Christ, Lahey Hospital & Medical Center, USA

5:00 – 6:30 Reception – Research Poster Presentation & Exhibits

6:30 – 8:30 Conference Dinner

Conference Day 2
Saturday, October 17th

7:00am Breakfast and Registration

8:00am – 8:30am Brady McKee Excellence in Lung Cancer Screening Award

Andrea McKee, Radiation Oncology Associates, PA / Rescue Lung Society, USA

8:30am – 10:50am Patient Perspectives: Panel Discussion & Pro/Con

Moderator: *Dusty Donaldson, Live Lung, USA; Janet Freeman-Daily, The ROS1ders, USA*

Panel Discussion: *Dave Bjork, USA; Stacey Tinnianov, Advocates for Collaborative Education, USA; Bill Norris, USA; TBD researcher; Paul Hesketh, Lahey Hospital & Medical Center, USA*

Panel discusses patient advocates as research partners (status, benefits, challenges, future directions, STARR program, Biomarker driven patient communities/research).

Pro/Con - Is fight language helpful for patients and their loved ones?

No: Jill Feldman, EGFR Resisters, USA / Yes: Heidi Onda, The White Ribbon Project, USA

10:50am - 11:10am Break

11:10am – 12:10pm CT Lung Screening Implementation Best Practices and Improvement Opportunities

Moderators: *Matthew Callister, Department of Respiratory Medicine, Leeds Teaching Hospitals NHS Trust, University of Leeds, UK / TBD*

- Expanding Access and Equity in Lung Cancer Screening: A Navigator-Centric Model at the Largest Municipal Hospital System in the U.S.
Albina Shkolnik, NYC Health + Hospitals, USA / Jody Steinhardt, NYC Health + Hospitals, USA
- Examining trends in lung cancer screening over 10 years: Eligibility, participation, cancer detection, and quality implications
Debra P. Ritzwoller, Institute for Health Research, Kaiser Permanente, USA
- Tracking and Reporting Quality Indicators
Shawn Regis, Rescue Lung Society, USA

12:10pm – 1:10pm Lunch

1:10pm - 4:00pm CT Lung Screening Implementation Best Practices and Improvement Opportunities – continued

Moderators: *Matthew Callister, Department of Respiratory Medicine, Leeds Teaching Hospitals NHS Trust, University of Leeds, UK / TBD*

- Program structures for CT Lung Screening and Incidental Pulmonary Nodule Management

Carey Thomson, Beth Israel Lahey Health, Harvard Medical School / Rescue Lung Society, USA

- Effective management of incidental findings in lung cancer screening: the role of the screening review meeting - UK

David Baldwin, Nottingham University Hospitals NHS Trust, UK

- Barriers and Facilitators to Accurate Smoking History

Efren Flores, Massachusetts General Hospital, USA

- Red, White and Screen Initiative

Sabrina Moffat, Advocate Aurora Health, USA

- Comprehensive Big 3 CT Lung Screening – Lung Cancer, CAC and COPD

David Yankelevitz, Icahn School of Medicine, USA

- Misinformation and Overestimation of Computed Tomography Lung Cancer Screening Harms: Methodology Matters

Elliot Servais, Lahey Hospital & Medical Center, USA

Pro/Con - SBRT vs Surgery for Early Stage LC

Pro SBRT: *Andrea McKee, Radiation Oncology Associates, PA / Rescue Lung Society, USA /*

Pro Surgery: *Mara Antonoff, MD Anderson, USA*

4:00 - 4:15 Close Out & Final Thoughts

Jacob Sands, Dana Farber Cancer Center, Rescue Lung Society, USA
